Assisted Living Personal Service Plans

Traditional Care $39/day

For residents who may require minimal guidance and support but whose care needs consist primarily of gentle reminders to meals and encouragement to engage in activities if the resident wishes to participate.

Traditional Care I $77/day

For residents who may require minimal guidance and support but whose care needs consist primarily of cueing and assistance with bathing and dressing.

Traditional Care II $120/day

For residents whose care needs consist primarily of a moderate level of physical assistance with activities of daily living. An example would be a resident who needs some physical assistance with bathing.

Traditional Care III $170/day

For residents who require a substantial amount of physical assistance with some activities of daily living due either to care needs or behaviors. An example would be a resident requiring substantial or total physical assistance for dining, bathing and dressing.

Traditional Care IV $220/day

For residents who have extensive needs, such as a need for total care with one or several activities of daily living or a substantial amount of physical assistance warranted on a daily basis. Also, a resident using a mechanical or electric lift for transfers on an ongoing basis would be on Level IV at a minimum.

Traditional Care V $275/day

For residents who need total assistance with all aspects of care, including assistance with dining.

Personal service plans vary from individual to individual and are based on a healthcare review performed by our associates to determine what personal assistance or medical care is requested or required. The healthcare review is performed prior to moving in and at regular intervals after move-in.
